Eine **umfangreiche Speisekarte** von Toni's Inselgrill aus Wien über alle **17** Gerichte und Getränke findest Du hier im Menü. Toni's Island Grill is a picturesque location on the water that has been a favorite for many over the years. However, recent reviews have noted a decline in quality and an increase in prices. While some dishes, like the stilt for two, still receive high praise for their taste and portion size, others have complained about poorly seasoned food and smaller portions at higher prices. The self-service ordering system allows for quick service, but some have raised concerns about the potential for others to take your food. Overall, the atmosphere is still enjoyable and perfect for a meal while cycling or enjoying the Danube. Despite some mixed reviews, many still find the experience worth returning for, especially during the warm months when outdoor seating is available.
